SOFT SKILLS

- Team work
- Time Management
- Active volunteering
- Effective Communication
- Critical Thinking

TECH SKILLS

- Python
- SQL, MySQL
- Machine Learning
- Solidworks
- AutoCAD
- MATLAB
- C programming

LANGUAGES

- English (Fluent)
- Hindi (Basic)

PROFILE

Motivated Mechanical Engineering student with a strong interest in design, manufacturing, thermal engineering, and computational engineering. Gained practical industrial exposure through internship training at DCW Limited, Sahupuram, developing an understanding of industrial processes and professional work culture. Passionate about applying engineering concepts to practical problems through projects and innovative solutions, with strong analytical and problem-solving abilities.

EDUCATION

Bachelor of Mechanical Engineering

2024 - Present

National Engineering College, Kovilpatti

GPA: 8.6/10.0

PM Shri Kendriya Vidyalaya Virudhunagar

2022 - 2024

Higher Secondary Education

Percentage: 82.4 %

PROJECTS

- Solar Panel Tracking System using IOT
- Computer vision project built with Python and OpenCV
- Number-guessing game using Python
- Crane Hook Design and Analysis using Solidworks
- Analysis of CAM and Roller follower mechanism using Solidworks

COURSES & WORKSHOPS

- Solidworks Design Associate by Dassault Systemes
- Robotics Course by Infosys Springboard
- Machine Learning Onramp by MathWorks
- Employment Communication A Lab based course by NPTEL
- Introduction to Machine Learning by NPTEL
- ANNA University & AutoDesk Student 2 days bootcamp on mastering Fusion for CAD
- One-day 3rd National Workshop on "Innovative Applications of Industry 5.0" at Vellore Institute of Technology, Vellore.
